

ITALIAN STRIKERS
RIOT, MANY KILLEDBombs Thrown at Milan Hotels—
Two-Hour Walkout Ordered
From Moscow.

LONDON, Oct. 15.—Many persons have been killed and wounded in strike clashes in Italy, according to a despatch to the Times from Rome. Nine persons were killed at San Giovanni Rotondo, four were killed and fourteen wounded in Bologna, and one man was killed and several men injured in a clash between strikers and the police in Milan.

Bombs were thrown at several hotels in Milan, including the Hotel Cavour, where the British delegation to the League of Nations Conference are staying. No one was injured, however. The offices of a Socialist newspaper were set on fire.

Another Rome despatch says there was only partial suspension of work

In the Italian capital. The operatives on the street cars suspended work, but the streets were virtually normal.

HAVE been modified to meet the requirements of silk duvetyne and the demands of the modish woman. The result is the charmingly youthful and becoming hat pictured at the right. It is one of the styles that has won for itself an easy popularity in this season of new and unusual shapes. The only ornament is a pin of dark metal in front.

The group that includes this model is a particularly attractive collection, consisting of silk duvetyne hats in all the smart colors and in a variety of graceful styles. A cockade, a bow of crushed grosgrain, a fold of contrasting velvet, a single brilliant ornament or a band of fur is appropriately used for trimming. Answering the same purpose as that of the tailored general utility hat is a model of silk velvet combined with metal cloth or tastefully embroidered in silk of softest colors.
